Michael and the Two-horned Beast: The Challenge of Evil Today in the Light of Rudolf Steiner's Science of the Spirit

Bernard Nesfield-Cookson

Michael and the Two-horned Beast: The Challenge of Evil Today in the Light of Rudolf Steiner's Science of the Spirit, presents an epic picture of the forces of 'good' and 'evil'. The author, basing his work on Rudolf Steiner's teachings, presents an apocalyptic and spiritual view of the forces at work in our time, as well as their source and development. The work is an exploration of the spiritual forces and their impact on human life and history.

From the moment that Marie von Sivers met Rudolf Steiner in 1902, their relationship became key to the development of Anthroposophy. Through her influence, the Steiner's vision of the development of spiritual science and the logic of the heart was spread far and wide. This is the story of how she brought the light of Rudolf Steiner's teachings to the world, and how her life and work continue to inspire and influence us today.
