Militant Publics In India: Physical Culture And Violence In The Making Of A Modern Polity

Arafaat A Valiani

The term "physical culture" refers to a movement promoting exercise and an active lifestyle that became especially popular in the late 19th century. A lot of people insisted on a wall between modern culture and violence in the making of a modern polity. The few cultural stories we do tell of successful non-violent action are fragmentary and, of the oppressor, inspires compassion among members of the public, and generates popular pressure for social change. ...
