Optoelectronic Integrated Circuit Materials, Physics, and Devices: 6-9 February 1995, San Jose, California

M Razeghi; Yoon-Soo Park; Gerald L Witt; Society of Photo-optical Instrumentation Engineers

ISBN 0-8194-1667-7

LC 94-21216

Subject: Optoelectronic integrated circuit materials; physics; devices.

The book contains papers presented at the Optoelectronic Integrated Circuit Materials, Physics, and Devices conference held from 6-9 February 1995 in San Jose, California. It covers topics such as optoelectronic integrated circuit materials, physics, and devices, with contributions from various authors including Manijeh Razeghi, Yoon-Soo Park, and Gerald L. Witt. The proceedings are part of the SPIE series and provide a comprehensive overview of the state of the art in optoelectronic integrated circuit technology at the time.
