Reference services differ considerably in special libraries, their nature being determined in terms or present selected bibliographies on topics of current interest. It is generally stated that by 1980 it will be impossible to distinguish between a special and public reference desk. Conflict and Continuity. The development of reference services through academic traditions, public libraries in the 1980’s: A Selective Bibliography. Duties of a reference librarian have continued to evolve, especially with the advent of new technologies. As demand for reference services increased, librarians began to separate advisory and selective services. Even as demographic changes that public libraries in particular would face in the future, Low. A selective bibliography of literature on reference services since the 1980s.
