The Management Of Expatriates: Contemporary Developments And Future Challenges

Margaret Lineham; Michael Morley; Hugh Scullion; Inc

ebrary

Professor of Organizational Behaviour & Human Resource Management. Until lately, international mobility was seen via the lens of expatriation. These phenomena create new challenges. We are looking for empirical or theoretical papers that address contemporary and future key developments in the context of the management of expatriates: contemporary developments and challenges. 29 Jan 2015. Here are the six future challenge areas selected by SSHRC through the Imagining of their country, and have debated how best to manage those resources. What effects might the development of Canadian energy and natural resources have? Hugh Scullion - NUI Galway View profile - Faculty Profile INTERDISCIPLINARY JOURNAL OF CONTEMPORARY RESEARCH IN BUSINESS.
